EXPERIENCE

UI/UX Designer Intern · *NUS IT*

May 2023 – Jul 2023

Designed web version of university's gateway mobile app, uNivUS, to enhance user outreach. Established a consistent visual identity for the app by creating UI assets and design system to ease development efforts for future iterations

Implemented UX improvements to the mobile app through user interviews and surveys, resulting in a more intuitive and user-friendly platform catered to needs of the community

UI/UX Designer Intern · *Garena*

May 2022 – Aug 2022

Illustrated visual assets, including placeholder images and icons, while designing community tutorial pages. Collaborated on conceptualization and design of ranking badges within BOOYAH's ranking system with Figma

Software Developer Intern · *Amaris.AI*

Dec 2021 – May 2022

Served as a full-stack dev and UI/UX designer to build a Property Management System using B4J, MariaDB and Figma from scratch

Product Designer Intern · *Garena*

May 2021 – Jul 2021

Designed official mascot for Garena's game livestreaming application, BOOYAH, with Sketch and Photoshop. Executed 3D design modelling and rendering in Cinema 4D, delivering 3 final design variations and a comprehensive brand board to accommodate BOOYAH's broad user demographic

Worked closely with project manager through ideation, prototyping and polishing; received exceptional reviews and a 33% salary raise

EDUCATION

National University of Singapore

B. Comp. in Computer Science, Minor in Interactive Media Dev

Aug 2020 – May 2024

GPA: 4.74/5.0 (First Class Honours)
Dean's List AY2022/23 Semester 2
Top Student for Interaction Design
